A child is required to attend either a public or private school while residing in the State of Hawaii. I know you may easily determine whether a school is listed in Hawaii as a public school or public charter school. Any private school in the state shall be registered with the Hawaii Association of Independent Schools (HAIS). Link to HAIS If a school is not listed on the HAIS website, it is not a private school in Hawaii. All other programs/schools either brick and mortar or online may be considered an Alternative Education Program or a homeschool situation. Parents who elect to educate their children at these programs/schools shall inform the HIDEOE school in the service area where they reside with a completed Form 4140 or a letter of intent to homeschool. An online school may qualify (with the principal and complex area superintendent's approval) as an alternative education program as described in HAR Chapter 12. A parent may also choose homeschooling utilizing an online program as the primary means of instruction but **a Form 4140 or letter of intent to homeschool is still required.** *A parent may NOT disregard the completion and submission of the Form 4140 or letter of intent because they feel that their "online program is not the same as registration with a home school, and thus students are not "registered as compulsory education as that is only for home schoolers."*

*** _____ **Social Media Policy Form (on website).** This is a required form **per rule book pg. 8 16.** Please have each member and both parents/legal guardian sign and date.
